WOULD CEDE LAND.

Governors' Conference Suggests Plan for Disposal of Public Domain
SALT LAKE CITY, Utah, August 13.—A resolution was adopted requesting Congress to cede the public lands to the states, and an organization formed to urge this action in Washington by the governors of western states, who concluded a conference on the public domain question yesterday.

Gov. O. A. Larrazolo of New Mexico was elected permanent chairman of the League of Public Land States, the name adopted. Gov. Bamberger of Utah was elected vice chairman and Edward Everett Young, chairman of the soldier settlement board of New Mexico, secretary-treasurer.

The resolution was presented by Gov. Larrazolo, who has been the head of the movement which resulted in the public land states conference, and will be the basis of a memorial which will be sent to Congress. The resolution asks that the most records show that the land states contain 200,000,000 more acres of unreserved and unappropriated public lands.
